

THYNK[®]

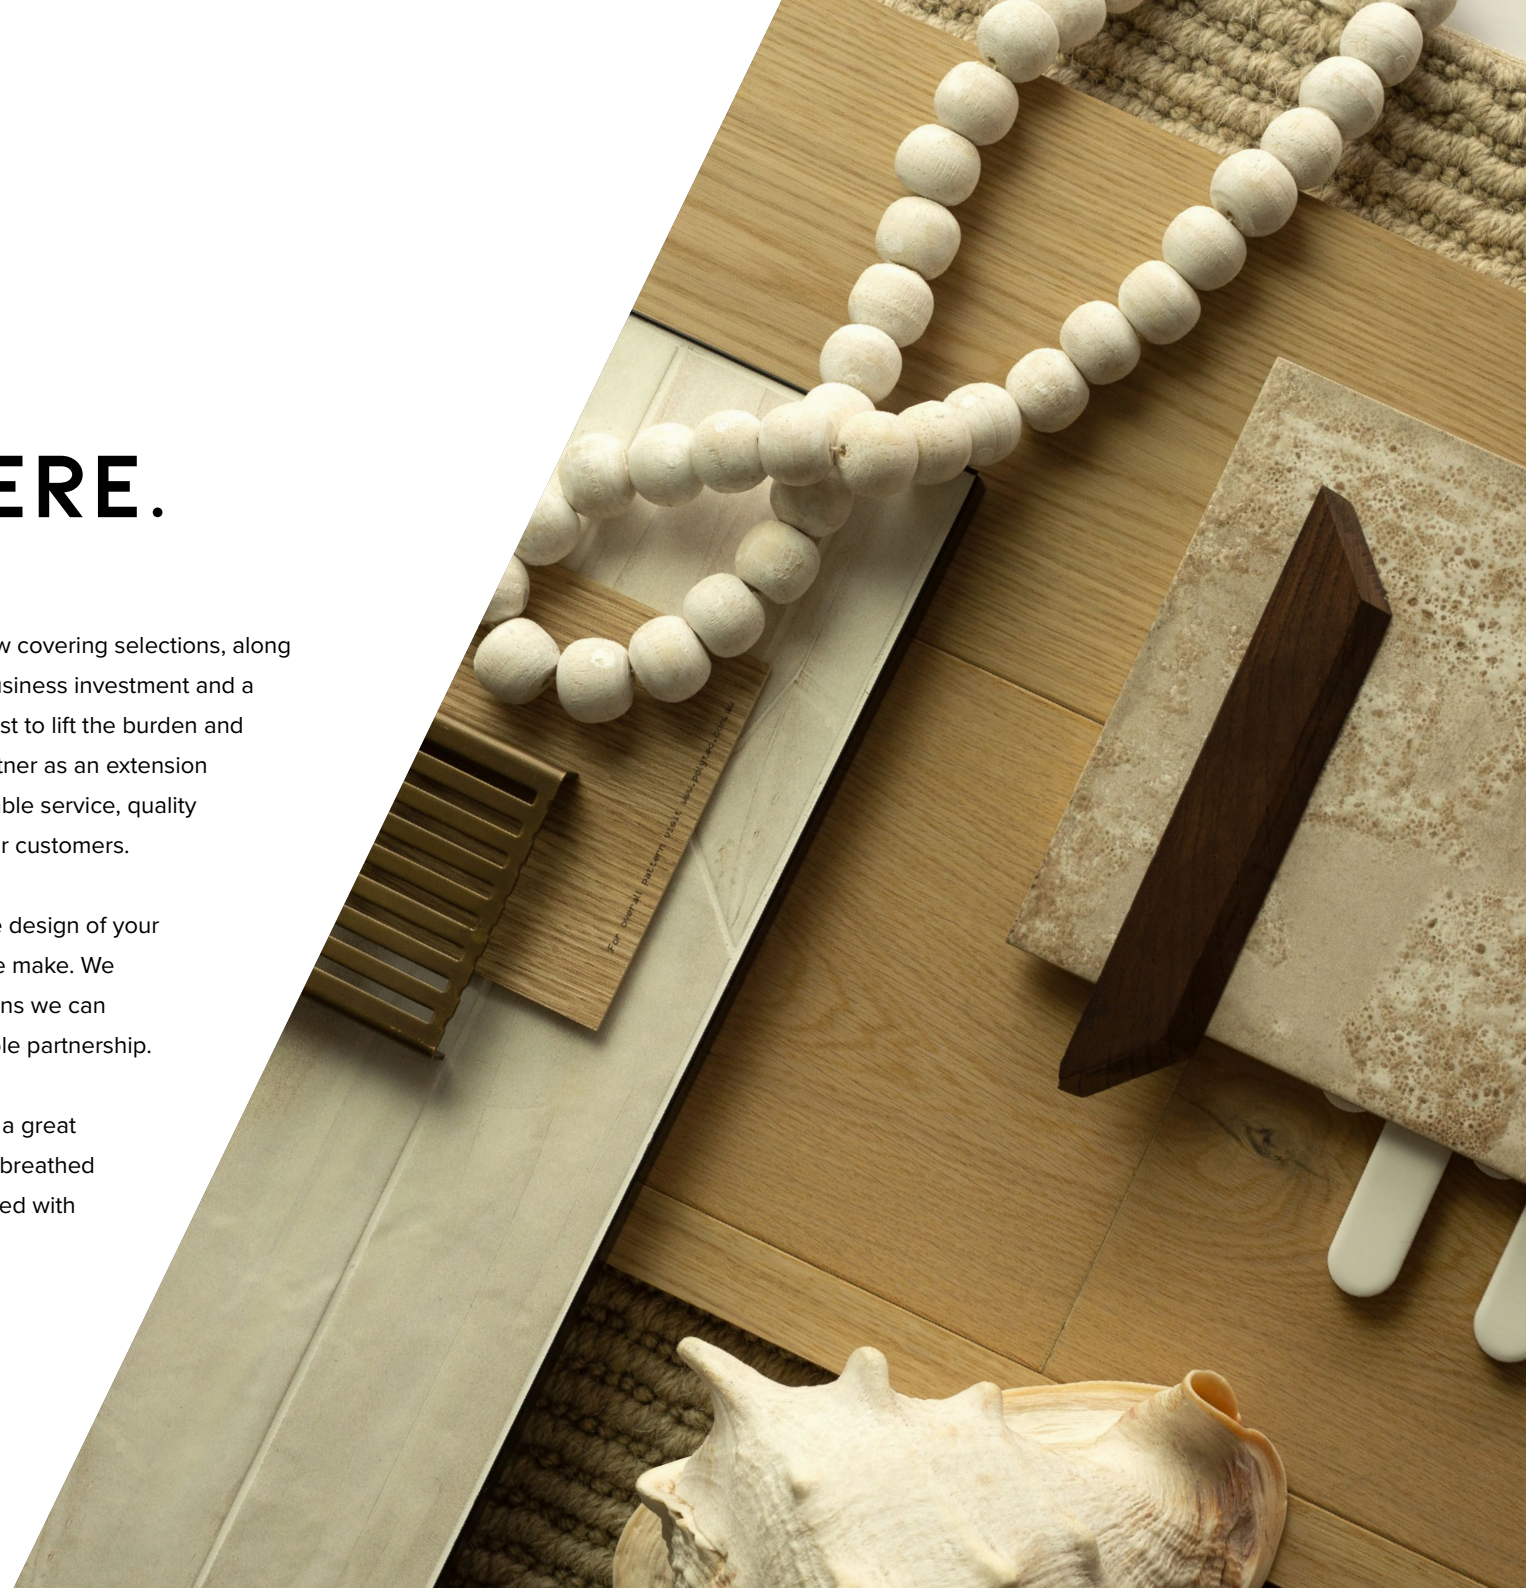

QUALITY PRODUCTS, PROFESSIONAL DESIGN,
SEAMLESS SERVICE FOR BEAUTIFUL HOMES.

WHY WE'RE HERE.

We know that tile, flooring, and window covering selections, along with supply and installation, is a big business investment and a complex arm of home-building. We exist to lift the burden and smooth the journey. We're here to partner as an extension of your business, through our impeccable service, quality products and brand experience to your customers.

The direction of your business and the design of your homes directly inspires the choices we make. We know that listening to your needs means we can support you better, ensuring a profitable partnership.

A family owned and run business with a great deal of passion, THYNK has lived and breathed tiles for decades. Our passion is coupled with immense pride in what we deliver.

**YOU AND YOUR
CUSTOMER ARE
AT THE HEART OF
EVERYTHING WE
ARE AND DO.**

No matter the size of your business, you have the option to decide which of our services you utilise; your product mix of selection, supply and install or just selection and supply. Unlike our competitors, we offer a flexible and adaptable model to support your needs.

TEAMS **DELIVERING THE DREAMS**

We are a rapidly expanding team, mirroring your business - THYNK Marketing, Customer Service, Interior Design, Estimating, Supply, Installation, Site Supervision, Warehousing, Warranty and Maintenance.

Our trades are your trades. We ensure our wide network of professional installers are available and locked in exactly when and where you need them to be. It's all part of the service.

THE ULTIMATE *EXPERIENCE*

Situated in central locations and open 5-6 days a week, our selection studios offer a 'by appointment only' service, no interruptions.

Every single one of your clients will receive the undivided attention of our skilled, interior designers, for as long as it takes, to ensure they arrive at the perfect selections for their new home. **We love happy customers.**

SO MUCH MORE *THAN TILES*

Whilst our heritage may be in tiles, we've expanded our offering - THYNK tiles, carpet, flooring, window furnishings, under-floor heating and waterproofing. To simplify the procedure, it makes sense we manage supply to site and installation. We own the process, so you don't have to.

WE'RE IN THE MARKET OF STOCK

Sourcing and importing our products directly from international manufacturers, as well as being backed by a major wholesaler, ensures we procure quality products at excellent prices, allowing us to pass on savings. We also hand pick quality products from Australian manufacturers to ensure our range is wide but relevant. We pride ourselves in our supply chain management, ensuring we have consistently, ample, and ongoing stock supplies.

THYNK

ABOVE & BEYOND

We want you to feel warm
and fuzzy about us.

If you need a product we don't stock
or need help with something special,
we'll do our best to make it happen.

LET'S GET *TOGETHER*

Let us work with you to provide a truly great experience for your clients, during this exciting life moment, whilst delivering profit and growth for your business. *Our mission is to make you shine, because when you shine, that means we're doing things right.*
