We have a selection experience like no other, and a beautiful range of contemporary products so you can be confident you will find the perfect look for your new home. Not only do we offer a private, selection appointment where you will have the undivided attention of our professional, qualified design experts, but we will also give you costings on the spot, organise the supply to site, professional installation and warranty on our products and services.*

Sit back and enjoy the design process. Your dream home is one step closer with THYNK.

THE THYNK EXPERIENCE

STEP 1

BEFORE YOU MEET US

We know that there are so many decisions to be made when it comes to building your own home, so doing a little research up front is really important.

Make sure you visit inspiration sites like Pinterest and follow some of your favourite designers on Instagram. Creating your own folder of finishes you like, or even a digital mood board, is a great start. It will really help in the studio appointments, to open discussion on the look you're going for.

STEP 2

PRE-SELECTION APPOINTMENT

This short appointment is an important step in preparing and organising yourself for the longer, selection appointment.

A design consultant will be exclusively available to you, to guide you through the included ranges and show you possible upgrade options. This way you can get some detailed ideas and ball-park costs for you to mull over before your final selection.

Don't forget to bring any inspiration and samples for you to refer to.

STEP 3

FINAL SELECTION APPOINTMENT

This is when the magic happens! Remember our priority is your satisfaction. We won't rest until you are completely happy with your choices.

Your builder will have supplied your home's plans to us, prior to your arrival so we will have them for reference during your appointment.

Starting with the largest space, we work with you to layer in other products to create your completed look. We will talk prices along the journey so you can consider everything before sign off.

THE THYNK RANGE

As a close partner with your home builder, we will have your included range of products available for consideration at your appointment. Understanding that you will no doubt want to express your individuality and style in your new home, we also carry a vast array of beautiful products for you to consider as upgrades.

**This is your home,
your life, and your
chance to create it
exactly how you want.**

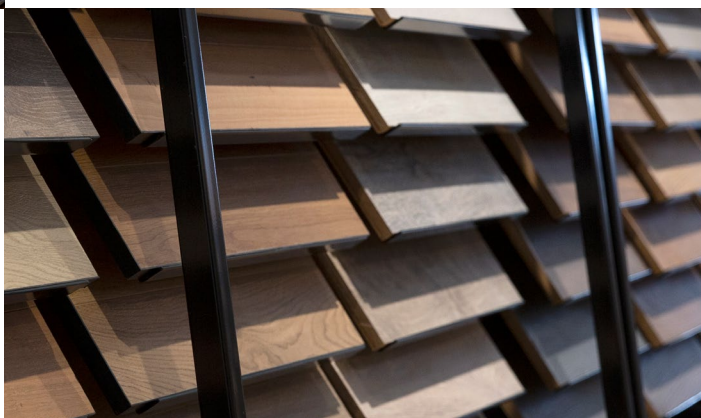

TILES

Choose from large and contemporary ranges of tiles for your internal and external floors, wet areas, splash backs and features. Consider the organic beauty of natural stone, the traditional craft of ceramic, the longevity of porcelain and the decorative capability of mosaic.

TIMBER

Nothing beats the warmth that timber brings to a home. From water-resistant laminates, hybrid products that are a mix of laminate and wood, beautiful bamboo, engineered timber and natural timber floors. We will have a product to suit your home and lifestyle.

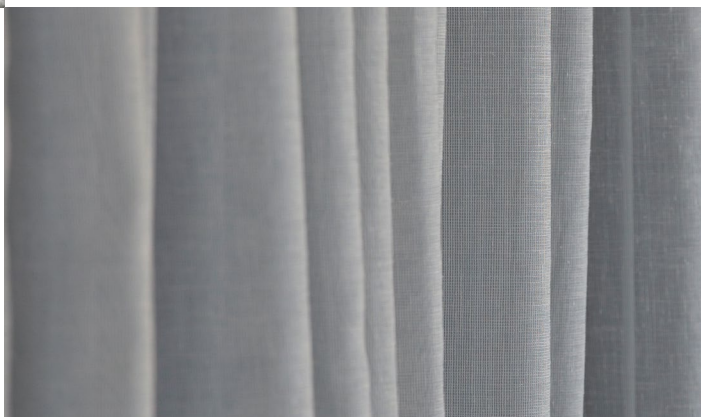

CARPET

Who doesn't like to step out of bed on to soft, natural carpet? From wool fibres to hard-wearing, stain-resistant materials for higher traffic areas; our wide range of designs and colours means you're bound to find the right carpet to compliment your interior design.

WINDOW FURNISHINGS

Do you like the formal appearance of plantation shutters, the softness of curtains or the practicality of blinds? We have a contemporary selections of all of these products so you can create the perfect look for your windows.

THE THYNK PROMISE

You are at the heart of everything we do. Your happiness is key to our success. From our contemporary, quality product offering, to our expert, exclusive design service, professional installation, and worry-free warranty, we want you to enjoy this special journey of creating a brand, new home.
